MARINA ALERT

Between Saturday night and Sunday morning, April 11th and 12th, two males utilizing an inflatable West Marine kayak and an 8' plywood skiff were interrupted at Vancouver Marina prowling the area. The suspects fled by water and abandoned both vessels at the top end of Duck Island where they fled on foot with a large bag. A large pair of bolt cutters was left behind in the skiff. Over the weekend, an array of tools was stolen from the Pacific Gateway Hotel Marina (from the water side) – the two incidents may be related. Please review the photos below of the males involved. Note the red writing/logo on the top of the hoodie. If you can assist in this incident, please contact the RCMP Richmond Detachment.

(Distributed on behalf of Vancouver Marina)
