# **RECOVERED/STOLEN VESSEL**

The 1974 Cape Dory Typhoon “Breezy”, stolen in August 2016 from Oak Bay, BC, has been recovered. A mariner from the US, passing through Sidney BC, saw a poster of the missing craft on the board in a marina, and then spotted the boat in Ganges Harbour on Saltspring Island. The RCMP was alerted and the Breezy recovered.

**WE CAN'T FLY.**

When you fly a UAV or drone make sure you are a #BCwifire aware person.

Breaking the law and endangering firefighters concerned.

The maximum height for a UAV or drone is 100m (328ft) above ground level and not an altitude of 1,000 feet above ground level. In British Columbia and the BC offshore, because of the proximity to the coast of British Columbia, any drone is a wildfire.
