STOLEN BOATS CANADA

(Public Service – Non Profit)

Jamie Gibson 778-229-6932

RECOVERED

In early 2010 an unknown male brought a 1995 Bayliner Capri into a mechanic in Maple Ridge for some engine work. Once the work was complete, the mechanic made numerous attempts to track down the male to retrieve the vessel. When the male did not return for the vessel, the mechanic checked Stolen Boats Canada and noted that the vessel had been stolen from a residence in Maple Ridge in 2006. The Ridge Meadows RCMP and insurance company are currently investigating the matter.
