(Public Service - Non Profit)

Jamie Gibson 778-229-6932

RECOVERED

On April 12th Stolen Boats Canada received a call from Rick Hammer of the Pitt Meadows Paddling Club. Hammer stated that a barge had arrived in the South Alouette River over night and it had a new engine attached and a tender in tow. The RCMP Coquitlam Rural Policing Unit attended to inspect the vessel. The serial number plate was removed from the motor however, the investigators located a secondary serial number, checked Stolen Boats Canada web site on their personal "iPhone" and determined that the 2006 Yamaha 20hp outboard was stolen from Pitt Meadows Marina between April 1st and 8th 2011.
