STOLEN BOATS CANADA

(Public Service - Non Profit)

Jamie Gibson 778-229-6932

RECOVERED

On March 29th 2011, VPD Marine Unit members obtained a break in a protracted investigation that led to the recovery of a 2007 Rinker Captiva that had been reported stolen in December 2010 from Sechelt. With assistance from the Coquitlam RCMP Rural Policing Unit and the Ridge Meadows RCMP, the vessel was successfully recovered in the Pitt Meadows area near the Fraser River. An inspection of the vessel has revealed that the vessel has been renumbered and repainted prior to its theft from Sechelt. It is believed that the vessel may have originally been stolen in June 2010 from the Kelowna area. The vessel remains in the VPD Marine Unit compound while investigators attempt to identify the vessel further. Please contact PC Jamie Gibson at the VPD Marine Unit if you have information on this or any other suspicious vessels. jamie.gibson@vpd.ca
