INFORMATION REQUESTED

The Ladysmith Maritime Society located a 10' AB Inflatable with an aluminum bottom. Vessel is powered by a 9.9 hp Yamaha. The engine serial number and the HIN for the vessel have been removed. The vessel has limited sea growth or water staining leading to the belief that vessel is a tender from a larger vessel. Please contact Cst Jo Anne RUPPENTHAL, Ladysmith RCMP Detachment 250-245-2215, File # 2010-3116.
