This 17.5 foot Sea Ray Bow Rider was stolen from the Village of Belcarra the first week of August and reported to Police on August 13 2013.

On August 14th the RCMP Coquitlam Rural Section members located the vessel with the suspect inside working on the engine. Charges are pending. Intelligence suggests that there is a group operating on the lower mainland that is stealing vessels for resale.

This is the second vessel stolen from the Belcarra area in the past 2 weeks.
