STOLEN BOATS CANADA

(Non Profit - Public Service)

BOATING SAFETY

If you are on the water and see fire fighting aircraft skimming the waterway, stay clear and avoid endangering the aircraft crew and those on your vessel. **In BC, if you spot a wild fire or irresponsible behavior call 1 800 663-5555 or *5555 from a cell phone. In Alberta, call 310-FIRE (3473).** Please check your provincial government website for the emergency number for your province. Remember; flying a UAV or drone anywhere near a wild fire or near working aircraft endangers fire fighters on the land and in the air. It is also against the Aeronautics Act and could result in criminal charges.

WE CAN'T FLY.

When you fly a UAV or drone near or over a **#BCwildfire**, you're breaking the law and endangering firefighting personnel.

The restricted airspace includes a radius of five nautical miles around the fire and to an altitude of 3,000 feet above ground level. Transport Canada and the BC Wildfire Service explicitly prohibit the use of UAVs or drones of any size near a wildfire.
